SUMMARY

B.Tech CSE (AKTU, 2027) specializing in Frontend Development with 6+ months React.js experience. Focused on reusable components, test coverage, and web standards. Strong problem-solver with 100+ DSA problems solved.

TECHNICAL SKILLS

Languages	JavaScript (ES6+), HTML5, CSS3, SQL
Frontend	React.js, Component Architecture, Responsive Design, DOM Manipulation
Styling	CSS3, Tailwind CSS, Bootstrap, Material Design, SASS/LESS
Testing	Unit Testing (Jest), Component Testing, Test Coverage
Tools	Git, GitHub, VS Code, Postman, Chrome DevTools, Figma

PROJECTS

Personal Portfolio | GitHub | Live

React.js · Bootstrap · CSS3 · Vercel

- Built modular React components with reusable patterns; responsive design using Bootstrap grid and CSS3 media queries.
- Optimized frontend performance achieving 95+ Lighthouse score(Desktop); deployed on Vercel with continuous delivery.

Student Productivity Suite

React.js · Jest · Material Design · Tailwind CSS

- Architected reusable React components with Jest unit tests achieving 85
- Designed responsive dashboard using Material Design; optimized performance with React DevTools profiling.

Student ERP System

HTML5 · CSS3 · Bootstrap · JavaScript

- Built responsive forms adhering to web accessibility standards using semantic HTML5; tested across major browsers.
- Optimized DOM manipulation and implemented client-side validation with cross-platform testing (iOS/Android).

EXPERIENCE & TRAINING

Full-Stack Development Trainee | Sheryians Coding School

Oct 2025 – Mar 2026 · Remote

- Mastered React.js, HTML5/CSS3, component architecture, and web standards compliance.
- Built 3+ production-ready projects emphasizing code quality, reusable components, and automated testing; participated in peer code reviews.
- Collaborated on REST API design and deployment workflows with strong technical communication.

EDUCATION

B.Tech — Computer Science Engineering | IMS Engineering College, AKTU

Oct 2023 – Sep 2027

CGPA: 7.3 | Relevant coursework: DSA, OOP, DBMS, Computer Networks, Software Engineering

CERTIFICATIONS

• Responsive Web Design	freeCodeCamp · 2026
• JavaScript Algorithms and Data Structures	freeCodeCamp · 2026
• SQL (Basic)	HackerRank · 2026
• Claude AI Fundamentals	Anthropic · 2026

ACHIEVEMENTS & ACTIVITIES

- LeetCode:** 100+ DSA problems solved; consistent daily problem-solving for analytical skill development.
- GitHub:** Well-documented repositories with clear commit history, descriptive READMEs, and inline code comments.
- Code Quality Focus:** Maintainable, testable code with emphasis on component reusability and web standards compliance.
